Objective

I'm an enthusiastic IT graduate with a genuine interest in software development, system administration, and new-age technologies like cloud computing and cybersecurity. Through my academic journey and hands-on project work, I've built a strong foundation in computer science and problem-solving. I'm now excited to step into the professional world, where I can keep learning, adapt to new tools and trends, and contribute to real-world tech solutions as part of a collaborative and forward-thinking team.

Education

K.V. Pendharkar College of Arts, Science and Commerce, Dombivli, Thane
Bachelor of Science in Information Technology (Current CGPA: 9.0)

Aug 2022 – Mar 2025

Technical Skills

- **Languages:** JavaScript, Python, Java
- **Frontend:** React.js, HTML5, CSS3
- **Backend:** Node.js
- **Databases:** MySQL
- **Tools:** GitHub, VS Code

Projects

Weather App

June 2025

Technologies: HTML5, CSS3, Javascript

- Displays current weather conditions (temperature, humidity, etc.) based on user input for any city
- Built with clean HTML and CSS for a mobile-friendly and visually appealing user interface.
- Uses JavaScript to fetch weather data from a public API and dynamically updates the content on the page.

Worldverse (Countries Information's)

July 2025

Technologies: React JS, Tailwind css

- Shows essential details of all countries including population, region, capital, and flags.
- Allows users to search and explore country data interactively.
- Developed using React and CSS for a responsive, dynamic, and clean user experience.

Certifications

- JavaScript for Beginners – Simplilearn
- SQL – Chai Code

Soft Skills

- Analytical and problem-solving abilities
- Effective team collaboration and communication
- Fast learner with adaptability to new technologies
- Attention to detail and commitment to delivering quality results
